

'Putting the wild back into wildlife'

Director: Boutique Tours Australia
Brad Lowe

Company Profile

Boutique Tours Australia is a small, family-owned business, specialising in small group day tours that offer the best experiences on Sydney's doorstep.

Our products focus on taking the discerning traveller **beyond the places that the large buses and crowds** go, exploring the best a region has to offer through personalised, authentic experiences.

Boutique Wildlife Tours has been offering unique wildlife viewing experiences since 2010 – not just in a wildlife park

Our Difference

Only day tour from Sydney offering the experience of searching for animals in the natural environment and not in zoos

A great way to spend one afternoon and evening exploring outside of the city instead of dinner or sitting in the hotel every night – for those with limited time to explore Sydney and Australia

Strong focus on quality interpretation from guides, allowing for a high degree of customisation depending on guest interests and seasonal conditions.

Knowledgeable Guides and Great Feedback

Seeing wildlife in their natural habitats

Review of: [Australian Wildlife 4WD Tour from Sydney](#)

Before coming to Australia, I read that Koalas get stressed when around people. We are not much for zoos anyway, but I didn't want to come all this way without seeing one. I booked this tour with hopes we'd have some luck, and the tour did not disappoint! Steve was a fantastic, very knowledgeable tour guide. We saw lots of kangaroos, wallabies, possums, and wombats, and after a bit of searching Steve found us a koala. Once I saw how solitary these creatures are I was very happy I opted for this tour rather than a wildlife park or zoo. The food was good, the ride comfortable (and the van has spotlights for spotting wildlife in the dark!), and the small group experience was just what I wanted. Highly recommended for those who prefer to see wildlife in their natural environment.

Awesome experience seeing wildlife in their natural habitats

Review of: [Australian Wildlife 4WD Tour from Sydney](#)

We went on the Wildlife in the Wild tour in June 2019 with Zoe as our tour guide! We loved all aspects of the tour - Zoe providing information on the animals and background information on the area during the drive, lunch at the restaurant on the way, searching out and finding all of the amazing animals, and dinner at the pub on the way back to Sydney! We were able to see many animals - Kangaroo, Koala, Wombats, and more! Zoe was amazing and we loved this tour - highly recommend!
